

# Fiber optic cleaning supplies

## Cleaning Kit

The AI cleaning kit includes everything required for on-site cleaning of fiber optic connectors and adapters. The supplies are packaged in a convenient, lightweight carrying case with foam cutouts for all supplies including a CLETOP cleaning cassette and replacement reel (sold separately - see below). Replacement supplies are available as a full set or as individual components.

## Components:

- > CLN1001 cleaning kit consists of carrying case and items listed below:
- > HW1221 - 10 oz. canned air
- > HW1222 - pre-saturated wipes (50 ct.)
- > HW1223 - Kim wipes box (280 ct.)
- > HW1224 - 4 oz. isopropyl alcohol
- > HW1225 - 2.5mm mini foam swabs (50 ct.) (for cleaning bulkheads)

Replacement supplies:

- > HW1220 - a full set of HW1221 through HW1225

CLETOP cassette and replacement reel shown in the kit above are sold separately.

## CLETOP Cleaning Cassette

The CLETOP cleaning cassette was developed by NTT Opto-Electronics Laboratories to provide an easy and reliable method of cleaning the ferrule endface, a very critical component in fiber maintenance.

## Components:

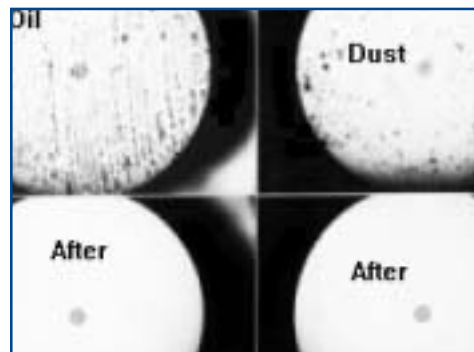

- > HW1217 CLETOP cassette (2.5 mm version)
- > HW1218 - replacement tape (2.5 mm version)

## Features:

- > Easy to use - designed for 2.5mm ferrules (ST, SC, FC)
- > Does not use alcohol or other solvents
- > Suitable for field or factory / lab use
- > Approximately 400 wipes per reel
- > Replacement tapes available

## NEW! Universal Connector Cleaning Cassette

The AI universal connector cleaning cassette cleans MT-RJ and MTP connectors, with or without pins. The pinless section connector will clean any pinless connector, including single fiber connectors.

### Component:

- > HW1404 - Universal Connector Cleaning Cassette

### Features:

- > Cleans MT-RJ, MTP and single fiber connectors
- > Three cleaning areas:
  - MT-RJ pinned, pinless connectors and MTP pinned
- > Detailed instructions are on the cassette
- > Small, disposable package
- > Cleans at least 500 connectors
- > The best cleaning cassette presently available for MT-RJ and MTP connectors

## CLETOP Adapter/Port Cleaner

The CLETOP stick is an effective way of cleaning the performance-robbing contaminants that may invade the connector ferrule endface and the mid-coupler ferrule guide when connections are unmated.

### Components:

- > HW1283 - Box of 200 CLETOP sticks (2.5mm)
- > HW1284 - Box of 200 CLETOP sticks (1.25mm)
- > HW1395 - Pack of 5 CLETOP sticks (2.5mm)
- > HW1396 - Pack of 5 CLETOP sticks (1.25mm)

### Features:

- > Designed for 2.5mm ferrules (ST, SC, FC) or 1.25mm ferrules (LC, MU)
- > Same alcohol-free dry cloth as the CLETOP reel
- > Available in packs of 5 or boxes of 200
- > Ideal for cleaning ferrule endfaces in difficult-to-reach places
- > Removes contamination that can damage the fiber endface and degrade performance

AI has earned its reputation for on-time delivery of quality products that meet customer specifications every time.
